The Kentucky State Sale . . .

Where You Buy Quality and Breeding At Prices You Can Afford To Pay!

These Heifers Averaged \$585 —

At the 1950 Kentucky State Sale, the beautiful string of heifers pictured above averaged \$585. This was a price that left plenty of room for profit on both the buyer's and seller's side of the ledger. That is what we try to do at the Kentucky State Sale ... present the right kind of cattle with the best background and sell them at prices you can afford to pay. If one far-sighted breeder had purchased all these heifers at last year's sale, he would now probably have twelve head for a capital investment of \$292.50 apiece.

It is easy to read the handwriting on the wall. Everywhere there is becoming a wider margin between cattle of quality and common kinds. This is true not only in the purebred cattle business but also in market classes. There are thirty-seven top quality females and eleven good bulls in this sale. Why not use this offering as a means of strengthening your position in the cattle industry. You can ship to market older cows of common quality and with a relatively small additional investment replace them with top quality heifers from this sale offering.

STANDARD GUARANTEE

OF AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Congress Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
